Regional Trails Meeting #2

When

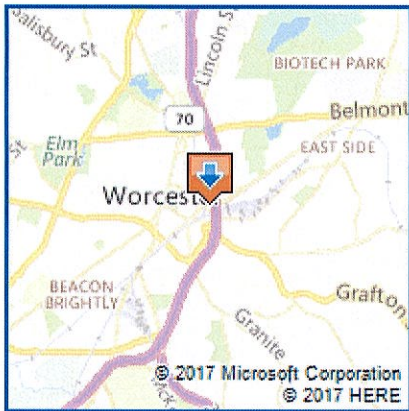

Tuesday, October 10, 2017 from 6:00 PM to 8:00 PM EDT
Add to Calendar

Where

CMRPC's Union Hall
2 Washington Square
Union Station - 2nd Floor
Worcester, MA 01604

Working with trail advocates from all of our communities, CMRPC is planning the second regional discussion on the creation of a Regional Trail Map. This is the second of three meetings with stakeholders from our communities, conservation groups, land trusts, DCR, MassDOT and other interested parties. We have created a sizable contact list but please feel free to forward this email and send us more names! You've been great about sending in maps - we've also compiled a list of trail maps we could find online. If our list (available [here](#)) is missing any useful links, please let us know.

Our first meeting was well attended and very productive. After a great presentation from Craig Della Penna about the benefits of trails, the group discussed data collection, trail map inventory,

[Driving Directions](#)

and envisioned what our ideal final product would look like. For more info on the first meeting, please read our [meeting notes](#).

At this second meeting we've invited a panel that has experience working on regional trail maps including

- The Pioneer Valley Planning Commission: [Pioneer Valley Trails](#)
- The Montachusett Regional Planning Commission: [Community Trail Maps](#)
- and Will Kilburn: [Masstrails](#)

Sincerely,

Trish Settles and Connor Robichaud

CMRPC, 2 Washington Square - Union Station, Worcester, MA 01604
